

Celebrate. Educate. Inspire.

Volunteers, educators, and organizations actively engage young students, parents and leaders in hands-on experiences and to celebrate the profession. Get ideas: DiscoverE.org/EngineersWeek

Join our community of volunteers to inspire girls to explore engineering and technology careers. Become a Girl Day Role Model: DiscoverE.org/GirlDay

Women and their advocates gain personal and professional advice for success via a free series of high impact online conversations beginning in early March. Learn more: DiscoverE.org/GlobalMarathon

Global Day is THE international movement that celebrates engineers and the amazing innovations they create to benefit the world. See: DiscoverE.org/GlobalDay

Each year 40,000 children in grades 6-8 embark on a transformative project-based learning experience, imagining, designing, and building cities of the future. Find a program near you: DiscoverE.org/FutureCity

Get Inspired. Get Resources. Get Training.
